

FUTURE PERSPECTIVES:

“Fit for Life!”

- compassion internship in Year 9, career internship in Year 10
- cooperation with local institutions and Aalen university
- career orientation with the Federal Employment Agency and professional application training
- senior workshop in life skills: finance, taxes, insurance
- Freshman class “Career Orientation”; “stock exchange challenge”

- “Senior Economics”: business administration and economics, field trips to hidden champions

“Mindfulness!”

We interact with each other mindfully:

- advisory classes (Years 5 - 7)
- school social work and guidance counseling
- Our prevention program “strong. stronger.WE” includes activities such as “school without bullying,” “active against cyberbullying,” “resilience

- training,” and “rule of law meets school” (with legal experts)
- peer media advisors and mentors help master digital tools (e.g., iPads)
- student paramedics

“Sustainable!”

As a community, we learn to think globally and act locally:

- school garden, biotope, nearby forest; environmental stewardship
- Award-winning sustainable school building

GET INVOLVED:

Student council activities

In student council, our students take responsibility and get involved:

- Leisure activities, school festivals, school sweaters, games, sports tournaments, carnival
- “Heart Day,” “St. Nicholas Day,” or “Sweatpants Day”

Active parents

Committed parents are a cornerstone of our school:

- parental representation and involvement
- open dialogue culture, especially in challenging situations
- parent-teacher leadership group, envisioning and implementing innovation

BE INSPIRED!

Friends and donors

Our Friends and Donors Association connects students, teachers, parents, and alumni.

The association supports individuals and groups, organizes events, like the school festival, and ensures that alumni remain connected to SG for life.

Afternoon childcare

The City of Aalen offers afternoon childcare from Monday to Friday until 4 p.m. You can book each weekday individually.

Perspectives und profiles

G9 new

Schubart-Gymnasium | Partner School for Europe | D-73430 Aalen | www.sg-aalen.de

AN EXCITING CHOICE:

- Classrooms feature up-to-date multimedia equipment. From the end of Year 5, our students work with iPads, which the city provides. — Excellent conditions for innovative teaching!

- Do you like to experiment? Attend our robotics and junior science clubs, or join our world-class drone team.

- We cooperate with the Aalen School of Music and offer starter classes for string and brass instruments, two big bands and two orchestras.

- Our attractive playground invites kids to be active during breaktime.

«Bonjour!» or «Salve!» — You can choose between two foreign languages from Year 6.

What about French?

- Experience an inspiring country and culture with a fascinating language.
- Find new friends in Nîmes und Saint Lô!

Speaking English, creative challenges, benefiting from international partnerships: This is Content and Language Integrated Learning.

“CLIL” makes you smart!

Studies show that CLIL students are one to two years ahead of their peers in English — and succeed in other fields as well.

What is more: With great language skills you'll easily find friends around the

“CLIL” MAKES YOU SMART:

world and enjoy excellent perspectives after you graduate.

“CLIL” at SG

Here is what our CLIL program at SG offers:

- In Year 5, you will receive two additional hours of English, and in Year 6 one additional hour, to prepare you for our CLIL subjects in English.
- Starting in Year 7 you will take these CLIL subjects: *Geography, History, Biology, and Politics.*

ATTRACTIVE PROFILES:

Starting in Year 8 we offer you two more core subjects.

Here are your attractive options:

1 NIT | “See how things work!”

Are you fascinated by science and technology? See your ideas come to life and explore these fields:

- introduction to coding and robotics (programming mBots)
- wood design (cranes)
- programming microcontrollers, electronics, photometrics
- energy and mobility: automotive technology, automation, forensics and water analysis

2 «Evviva l'Italia!» | “Learn Italian!”

Embark on a trip to a legendary country. Learn about the cultural treasures of Italy. Visit our partner school in Genoa. You will experience:

- inspiring and empowering lessons
- exciting literature, stories, movies, and traditions
- fashion, design, beaches, sun, and Italian cuisine
- exchanges with Genoa
- friendships for life
